PREFACE.

ALL that was necessary by way of introduction to this work was said in the last volume. The numbering of the pages has been made to follow on, thereby avoiding the necessity for distinguishing the volumes in the index references, a saving of type and labour which is a consideration in the heavy Index which works of this nature require. The abstracts here printed have been made and the proofs corrected from the original registers by the Rev. Canon Goodall. The laborious Index is the work of the Rev. C. S. James assisted by Mr G. H. Millward. An asterisk \* against an index reference indicates that the name occurs more than once on that page.

\* The condition of the bride is here omitted. There is a similar entry for June 1, 1825, but it does not seem to be a duplicate entry, for there are two sets of Banns, but in one of these the bride's surname is given as 'Lightowler.' Both sets of Banns were published on April 24, May 1 and 8, 1825. The witnesses names in the two marriage entries are different.
